ECONOMIC ZOOLOGY

PAPER : 603

BY-
DR. N.K BRAHMA

ECONOMIC ZOOLOGY; P : 603

1. SERICULTURE:

- the process of rearing silkworm for the production silk and other products.
- its a branch of applied zoology.
- the term sericulture is derived from Greek word "sericos" = silk.
- silk is a commercial product made of fibrous protein produced by silkworm and other insects.
- around 500-600 species of organisms are known to produce silk but our concern is on insects belonging to the families Bombycidae and saturnidae.

History and development of Teacher Education

I. Teacher Education in Pre-independence Era

1. Upanishadic Period (Vedic Period):

- There is no clear evidence of teacher training institutions.
- Brahmins mainly served as masters/gurus.
- Only **vedas** were taught. (Religious texts composed of hymns and poems).

- The Brahmins were taught as 'gurus' in their families by guardians and parents.

So, there is **no evidence** of teacher training institutions in formal sense during this period.

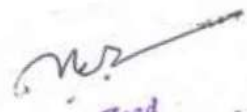

2. Buddhist Period:

- The importance of teacher education was recognized.
- Buddhist teachers were trained for propagating buddhism.
- The trainee remained under the supervision of the teachers.

TEACHING PLAN:
Session : 2021-22 (From 1st January to 31st June, 2022)
Gossaigaon College, Gossaigaon
Department of Zoology

Name of Teacher: Dr. Niranjana Kumar Brahma

Month	Class	Unit/ Paper	Title of the topic to be taught	Nos. of periods allotted	Remarks
January	B.A. 4 th Semester (Hons)	Paper: 1 (Unit: I, II, III)	Integumentary System	9	
			Skeletal System		
			Digestive System		
February		Paper: 2 (Unit: III, IV, V)	Renal Physiology	12	
			Blood		
			Physiology of Heart		
March	Paper: 3 (Unit: I, II)	Overview of Metabolism	9		
		Carbohydrate Metabolism			
April		Paper: 1 (Unit: IX Practical)	Practical	5	
May	B.A. 2 nd Semester (Hons)	Paper: 1 (Unit: IV, V, VI)	Onychophora	11	
			Mollusca		
			Echinodermata		
June		Paper: 2 (Unit: I, II, III)	Overview of Cells	9	
			Plasma Membrane		
			Endomembrane System		
		Paper: 1 (Unit: VII Practical)	Practical	4	

Head
 Department of Zoology

SESSIONAL EXAMINATION, 2022
BA 1st SEMESTER
HISTORY (HONOURS)
Paper: C-1 : Introduction to History

Time: 1 hour

Marks: 20

I. Answer the following (any five):

1x5=5

- What do you mean by 'Historiography'?
- Who wrote "The Histories"?
- What is Subaltern history?
- Who wrote 'Rajatarangini'?
- What is Humanism?
- Who were the 'Logographers'?
- Name the book composed by Ssu-ma Ch'ien?
- Who is called the "father of scientific history"?

II. Write a short note on the characteristics of Graeco-Roman historiography.

'OR'

3x1=3

Objectivity in history

III. Answer the following questions (any two):

6x2=12

a. Discuss the significance of historical sources in history writing.

'OR'

Briefly explain the four major approaches to the history of modern India.

b. "Ancient Indians lacked historical sense." Discuss.

'OR'

Give an account on the origin of history writing tradition in China.

4th Semester(M) Practical Examination(B.U.)
Paper: PHY-HC-4016H

Time: 3 hrs

Marks: 20

Perform any one of the following practical:

1. Solve differential equations:

$$\frac{dy}{dx} = e^{-x} \text{ with } y = 0 \text{ for } x = 0$$

$$\frac{dy}{dx} + e^{-x}y = x^2 \text{ with } y = 0 \text{ for } x = 0$$

$$\frac{d^2y}{dt^2} + 2\frac{dy}{dt} = -y \text{ with } y(0) = 0 \text{ and } y'(0) = 1$$

$$\frac{d^2y}{dt^2} + e^{-t}\frac{dy}{dt} = -y \text{ with } y(0) = 0 \text{ and } y'(0) = 1$$

2. Compute the nth roots of unity for n = 2, 3, and 4.

3. Find the two square roots of $-5+12j$.

GUIDELINES FOR ADDRESSING GRIEVANCES RELATED TO EXAMINATIONS

As per B.U. Norms, the Principal of the college constructs the examination committee for both external and internal examinations and the committee is responsible to take care of the issues and grievances related to examinations.

The Examination Board:

1. Officer in Charge
2. Assistant Officer in Charge
3. Assistant Officer in Charge
4. Assistant Officer in Charge
5. Khata Issue and Recorder
6. Accountant
7. Office Assistant
8. Grade IV
9. Grade IV
10. Electrician
11. Water Supplier
12. Night Watchman

Grievances related to examinations refer to adherence to examination codes and conduct, rules and regulations of Parent University (B.U.)

In connection with the External Examination, we follow Bodoland University guidelines and grievances are also addressed as per Bodoland University guidelines.

Examination Grievances related to subject combination, examination form fillup, registration, attendance in class, submission of projects, assignment, appearing in sessional examinations, evaluation. Declaration of results, withheld results etc.

Students are asked to submit their grievances through application to the principal or examination cell for timely redressal of the grievances/

Principal,
Gossaigaon College, Gossaigaon

Sir/Madam,
 Kindly correct the Exam/Registration details of the following candidates of 1st Sem CBCS course as per problem stated below:

List of candidates for subject/home correction

1. Name: **Nur Hussain Sheikh**
 Application No. A1900038
 Degree: BA 1st Sem (Hons) CBCS
 Problem: Honours Subject should be **History** instead of Education
2. Name: **Mashrud Rahman**
 Application No. A1904121
 Degree: BA 1st Sem (Hons) CBCS
 Problem: Honours Subject should be **Assamese** instead of Education
3. Name: **Sanchita Dutta**
 Application No. A1900027
 Degree: BA 1st Sem (Regular) CBCS
 Problem: Candidate name should be **SANCHITA CUTTA** instead of Sanchita Dutta
4. Name: **Shah Alam Sheikh**
 Application No. A1900070
 Degree: BA 1st Sem (Regular) CBCS
 Problem: AECC Subject should be **ASM-AB-1014**
5. Name: **Soghur Rahman**
 Application No. A1900228
 Degree: BA 1st Sem (Regular) CBCS
 Problem: AECC Subject should be **ASM-AE-1014**
6. Name: **Mominur Rahman**
 Application No. A1900349
 Degree: BA 1st Sem (Regular) CBCS
 Problem: AECC Subject should be **ASM-AE-1014**
7. Name: **Priya Sarkar**
 Application No. A1900300
 Degree: BA 1st Sem (Regular) CBCS
 Problem: AECC Subject should be **ASM-AE-1014**

ACADEMIC AND ADMINISTRATIVE AUDIT REPORT

GOSSAOGAON COLLEGE, 2021-22

On invitation of the Gossaigaon College, we visited the college premises with a view to look into the matter of an administrative and academic functioning as a part of audit report preparation by the institution for NAAC assessment of the college from 9.30 am to 5.00 pm on 12th November, 2022.

Presentations were made by the Principal, IQAC and other 15-academic departments of the college on various aspects of administrative and academic activities. The members present had detailed interactions on various points required for creating healthy teaching-learning environment. The focal points in the interaction were regarding the matrices that will be assessed by the NAAC peer team, which the college is contemplating to invite in the near future.

Overall, we are glad with the positive development of the college even though hampered by Covid-19 pandemic. The college has both Arts and Science Streams; altogether, there are 14 well equipped departments and an IT department yet to be opened from the ensuing academic year. Out of a total of 47 regular teaching faculties (1 post vacant), 19 are with Ph.Ds (40% approx.). All Arts departments are running with four sanctioned faculties except Philosophy (only 2-sanctioned faculties), however, all five Science Stream departments have only 3-sanctioned strength except Chemistry department (only 1 post sectioned). It is to be mentioned that deficiencies in faculty positions are balanced by recruiting staff based on needs by the Governing Body of the college.

The college conducted Student Satisfaction Survey (SSS), considering all variables put forwarded by the NAAC. The reports are presented today for verification and the same are duly noted.

The committee has noticed some publications in the UGC CARE listed journals which are a good sign but more needed to be done. The college had taken initiatives on faculty development activities relating to teaching-learning enhancement in the last five years by organizing two National seminars, on International and one national Webinars and by which teachers are benefited to a great extent.

The committee is happy to record gradually improving average pass percentages of the college from every preceding years which is currently above 50%. A good number of students could secure first class in the final University Examinations, which is a proud achievement for the college of rural area.

All departments have their own well laid POs and COs as well as future prospective plans to lead the department towards betterment.

From the students' and faculty's welfare side, the college could provide with gymkhana-cum-indoor stadium, open multipurpose field including football, common rooms for both boys and girls, separate departmental rooms, hostels for boys and girls, ATM within the campus, canteen, free Wi-Fi during college working hours and a serene beautiful surroundings with Sal trees.

The Admission process is fully automated. During the pandemic situation the college conducted the admission process through online mode as can be evidenced. All sorts of transactions are also made through online mode. The internal examination system in the college is partially digitalized.

The accounting system is automated and the cash books are maintained properly. The college accounts are being audited regularly by both internal and external Government auditors.

Most of the faculty members are well versed in the use of ICT tools in the conduct of teaching-learning applications. It is very pleasing to know that some of the teachers are actively engaged in the preparation of e-contents deliveries like ppts., video-lecture, etc. This practice of the college has greatly helped the student fraternity especially during the pandemic situation. The committee suggested that these initiatives on the part of faculties be enhanced in addition to the chalk and talk methodology for the greater interest of students as this is the transitional era to multidisciplinary mode of teaching and learning.

The ICT center of the college is well equipped with 25 computers, apart from which there are 17 computers in the library for web browsing by the students, one each in every department, four in the physics and three in the mathematics, and four in the geography department. The college also has two class rooms equipped with smart board, three portable projectors, one ICT equipped seminar hall and two auditorium one of which is yet to be completed.

The college is striving to generate some resources by offering few self-financing short term courses in the areas of communication skill, sericulture, eco-tourism and mushroom cultivation. The practice of conducting seminar on every Saturday is a gesture of complying with need of the hour.

The Amritlal Basumatary Library of the college is fully automated with ILMS using KOHA ver. 21.11 library software. There are well stacked with 24,950 books, 21 print. Periodicals, access to NSDL, e-journal INFLIB NET subscription, separate reading rooms for faculty and students, internet connectivity of 100 Mbps. The library management committee's constant encouragement to Librarian for regular student-support and counselling through deliberations on 'How to use Library' is an encouraging activity.

The IQAC of the college is found to be very active and it is worth mentioning that they have successfully submitted AQAR to the NAAC portal for the last six years. The faculty with active support from the IQAC could prepared teaching plan for all the semester courses. A

standard operating procedure (SoP) was prepared to continue teaching-learning processes even during the last pandemic situation which is a praiseworthy practice. The IQAC of the college is striving hard to achieve its defined goal as per the mandate of the NAAC guidelines and organizes regular activities encompassing all stake holders.

The college campus is free Wi-Fi enabled for all its stakeholders during the college working hours providing three access points with 100 Mbp speed.

During the period of pandemic situation due to covid-19, the faculty members have been a part of various extension activities and engaged in many quality improvement programmes like taking online classes, awareness campaign, aids distributions, etc.

Specific suggestions:

The committee feels duty-bound to put forward certain suggestions with regards to improvement of the academic and administrative functioning of the college. However, these are not stand-alone; instead these would be a part of continuous efforts of the faculty and administration of the college in their relentless pursuit towards achieving the highest academic Excellency.

1. It is expected that the POs and COs matrices be well prepared for all programmes.
2. Students' wellness programmes like Yoga, along with regular physical instructor for workouts in the gymnasium may be arranged.
3. May be suggested to maintain students' progression records in an automated system so that any alarming issue could be flagged off at an appropriate time relating to their performance. Also the ICT section may keep an archive of all internal and continuous evaluation and performance records.
4. A central database for slow learners may be kept under constant monitoring of the Principal's office and the IQAC. If a Department is doing exceedingly well in bringing them at par with other learners (evident from final results) such a feat should be duly acknowledged by the authority and the Department as a whole may be provided some tangible incentives so that others are also motivated.
5. Few more optional electives may be offered on skill and ITK based areas, which can be achieved without much difficulty. For example, the regular students may be given access to the vocational courses or computer courses by payment of a nominal fee. This should increase the employability of the students, and some might be motivated to venture into entrepreneurship also.
6. There may be regular internal audits of the credit delivered in each course, and records of such delivery may be maintained meticulously. Logbooks of classes conducted online

and through video may be maintained separately. The said audit should also take into account the adherence to the SoP referred above.

7. Research works should be promoted among the faculties and they be encouraged to publish in more reputed journals.
8. It is pleasing notice green audit initiated but, a more precise green audit along with a sustainability plan be prepared for the college campus. A sustainability plan in line with the SDGs and specific targets be fixed for attaining, say within 2030.
9. New faculty must be encouraged to undergo Faculty Induction Training as mandated by the UGC and Ministry of Education, Govt. of India.
10. Teachers may still be encouraged to take part in more quality improvement programmes offered by reputed institutions even in offline mode without disrupting the regular academic activities.
11. It is good to note few Lesson Plans prepared, but the same may be improved so that date wise synchronization with course wise credit requirement is possible.
12. Faculty be made aware of the variables of Students Satisfaction Survey so that they are motivated towards achieving all with an aim for full satisfaction of the students. The SSS should be conducted regularly, say after completion of each Semester so that the issues, if any of the previous Semester are noticed. There may be a system of counseling to the teachers, if any, who are receiving less than average score.
13. In order to create a more conducive atmosphere of publication in the college, best researcher awards may be instituted.
14. The present College website is attractive and informative. But the site should have specific information about the Departments and faculty. This will enable and faculty to be noticed beyond geographical boundaries and get exposed for their expertise and skills. This may also result in more collaborative research works, which will enhance the prestige of the institution.
15. The College is doing well with the career counseling cell as can be evidenced from record of getting jobs/tet etc. The committee urges the College to further strengthen these cells to that the students can confidently appear in National and State level competitive examinations.
16. The ICT-enabled classrooms should maintain user registers separately and the college should encourage all departments to use the facility regularly.
17. All the science departments be asked to prepare and keep SOP near all the instruments in their laboratories.

18. It is found that the payments in the account section are processed without any printed formal voucher. The committee recommends a standard format, for all future payments, if found suitable by the auditors.
19. It is noted that all payments are accepted only through GST voucher receipts and proper care is taken to treat the tax components as per Govt. rules. It is suggested that this system be followed without any deviation.
20. Efforts may be initiated for improvement of pass percentage in honors in subjects. May be some more remedial classes/doubt clearing sessions/one-to-one contact counseling arrangement as per convenient of faculty. Moreover, there should be an accurate strategy for identifying the slow learners in the beginning of the session with adequate evidence.
21. Many of the college faculties are known to be a part of village school adoption programme, an initiative by the BTC Government, which is a good gesture towards down trodden fellow citizens.
22. It is pleasing to note that the college is taking initiatives with regards to extending outreach activities by organizing mass awareness programmes to neighboring high and higher secondary schools within 50 km range diameter on various societal issues like girl child education, witch hunting, alcoholism, child marriages, job opportunities, blind belief, digital learning, etc.
